ESTIMATING SERVICE FOR NEW CONSTRUCTION PROJECTS

PAINTING, EPOXY FLOORING, RENDERING, FINISHES TRADES

OUR MISSION

Our mission is to Develop and Maintain a long-term successful business relationship with our clients by providing them full satisfaction in regard to Turnaround time, Price, and most importantly reliable accurate measurements.

Pricing new work is a constant issue for most of us in Business. We offer a simple service that takes the pressure off business owners and staff when it comes to ensuring that new work is always being tendered for your current or new clients. PEA subscribe to most Tender Search companies for New Commercial Projects throughout Australia which we would be happy to discuss with you in detail.

PEA work with a large range of Businesses to improve their tendering and estimating process. Some firms use us to outsource all their measuring and estimating, whereas others have us work alongside their in-house estimating team to handle overflow.

P.E.A offer your company the opportunity to save a large amount of money by P.E.A. completing all the hard work for your Projects. We even produce a tender letter to be submitted for the project bid with all the Includes & Excluded items on each project. Contractor will also receive marked up drawings.

Rather than have the constant expense and commitment of a full-time Staff Member, why not simply let Painting Estimating Australia handle it for you?

Painting Estimating Australia specialised in Painting, Epoxy Flooring & Rendering take-offs for New Commercial Construction projects.

We have been in the Construction Industry for over 40 years with this comes a large amount of knowledge for having easy to follow systems in place for a constant workflow for Contractors.

Our main aim is to facilitate contractors into being more productive in the tender market process for New Commercial Construction Projects.

PEA use the latest software for on screen take-offs for all of our projects. We are 100% committed to thorough detail in our Take-offs & Description of finishes required for each project, small or large.

As everyone knows in the Construction Industry Tenders are very time consuming not to mention the time frames for closing dates are even a bigger challenge in the Industry.

Our main objective is to remove all the hard work for the contractors who in most cases are (Time Poor).

We facilitate contractors in sourcing New Commercial Projects.

We facilitate contractors to submit tenders on time.

We facilitate contractors by compiling a complete Includes & Excludes list at Tender stage, so everyone is on the same page.

We eliminate all the downtime for contractors by downloading & viewing all documents to ascertain their trade requirements for each project.

NEW CLIENTS (COMMERCIAL TENDER PROJECTS FREE SERVICE)

P.E.A. source new Commercial Projects for our New Clients. All we need is a current preferred working zone you prefer to work in your State & types of projects you prefer. We search New Commercial Projects on a daily basis.

When you become a new client with P.E.A. we can provide you with current projects for your trade.

P.E.A. would then forward projects to you to see if you are interested in those projects.

The corner stone for successful business relationships are communication, trust, and great service at a fair price.

Look forward to your response.
